SUMMARY

Computational social scientist with expertise in economic interdependence. Experienced in designing solution-oriented multi-method research for examining contemporary issues and managing large datasets, and skilled in communicating complex ideas to stakeholders. Designed and taught an R integrated research design course and ran lab sections for six statistics courses and two research design courses. Effective in individual and collaborative project management. Managed and mentored research assistants on quantitative social science research projects. For detailed CV, [click here](#).

EDUCATION

University of California, Irvine 2017 - present
PhD in Political Science. ABD.
Subfields: Quantitative Methodology and International Relations.

Ecole des Hautes Etudes Commerciales du Nord (EDHEC) 2014 - 2016
MSc in Global Business. *Best Thesis Research Award*.

State University of New York at Binghamton & METU 2009 - 2013
BSc in Global and International Relations. *Joint Degree*.

WORK EXPERIENCE
